## World's leading online roulette, now available for casinos.

Lightning Roulette is like no other roulette game. Classic roulette elements—wheel, dealer, and the usual roulette bets; are joined by extra chances to win with Lucky Numbers and Lucky Payouts.

In each game round, between one and five Lucky Numbers are struck by lightning and given multiplied payouts of between 50x and 500x.

The table includes lightning effects and animations for maximum player thrills, along with black and gold art-deco-inspired styling that set Lightning Roulette apart from other roulette tables. It's a sure way to light up your casino floor.

The most popular Roulette-inspired game show with an electrifying experience!
